Maxwell	Intermediate	Arts and Humanities	What are the names of the line notes on the treble clef staff?	EGBDF
Maxwell	Intermediate	Arts and Humanities	Which rhythm symbol stands for 2 beats of silence in 4/4 time?	half rest
Russell Cave	Intermediate	Arts and Humanities	From where did Colonial plays originate?	Europe
Russell Cave	Intermediate	Arts and Humanities	Two voices or instruments, singing or playing different pitches at the same time, produces what?	harmony
Russell Cave	Intermediate	Arts and Humanities	A painting of an outdoor scene with a clear use of foreground, middle ground, and background is called a what?	landscape
Russell Cave	Intermediate	Arts and Humanities	The instrumental family in which the sound is produced by buzzing lips is what?	brass family
Millcreek	Intermediate	Arts and Humanities	A speech given by one person is called a _____	monologue
Millcreek	Intermediate	Arts and Humanities	Many cultures use dance as part of the religious _____	ceremonies
Millcreek	Intermediate	Arts and Humanities	A song performed by two people is called a _____	Duet
Tates Creek	Intermediate	Arts and Humanities	All colors are made from the three _____ colors.	primary
Tates Creek	Intermediate	Arts and Humanities	Opposites such as light/dark, smooth/rough refer to which principle of design?	contrast
Tates Creek	Intermediate	Arts and Humanities	Man-made shapes such as triangle, square, and circle are _____.	geometric, two-dimensional
Stonewall	Intermediate	Arts and Humanities	What do you call a musical composition performed by an orchestra?	symphony
Stonewall	Intermediate	Arts and Humanities	In music, this symbol represents silence. What is it?	a rest
Stonewall	Intermediate	Arts and Humanities	The kettle drum, timpani, cymbals and the triangle are members of which musical family?	percussion
Picadome	Intermediate	Arts and Humanities	What do we call a conversation between 2 or more characters?	dialogue

Picadome	Intermediate	Arts and Humanities	The planning and execution of stage dances	choreography
Picadome	Intermediate	Arts and Humanities	What drama element are scenery, costumes, props, sound and music, make-up and roles part of?	technical
Julius Marks	Intermediate	Arts and Humanities	What do we call a musical composition written for four musicians?	A quartet
Julius Marks	Intermediate	Arts and Humanities	Glockenspiels and cymbals are in what section in an orchestra?	Percussion
Julius Marks	Intermediate	Arts and Humanities	What are the 3 elements of drama?	Literary, Technical, and Performance
Julius Marks	Intermediate	Arts and Humanities	Mimicking or imitating another person or character is an example of what performance element?	vocal expression
SCAPA	Intermediate	Arts and Humanities	This family of instruments uses a metal cup-shaped mouthpiece and buzzing lips to create sound.	Brass
SCAPA	Intermediate	Arts and Humanities	This form is illustrated by a soloist who performs (singing or playing music) and a group who gives a musical reply. What is it?	call-and-response form
SCAPA	Intermediate	Arts and Humanities	Which style of vocal music started with African-American Christians in the southern U.S. and strongly influenced the development of soul music?	Gospel
Cassidy	Intermediate	Arts and Humanities	What is the symbol at the beginning of the music that tells the performer how many beats per measure called?	Time Signature
Cassidy	Intermediate	Arts and Humanities	What does the steady beat of the drum in Native American music represent?	Heart Beat of Mother Nature
Meadowthorpe	Intermediate	Arts and Humanities	What instrument is used by Native Americans to keep the steady beat?	drums
Meadowthorpe	Intermediate	Arts and Humanities	What element in drama contains acting and speaking?	Performance
Meadowthorpe	Intermediate	Arts and Humanities	What art process includes pottery, sculpture and fiber art?	Three-dimensional
Meadowthorpe	Intermediate	Arts and Humanities	In a 2/4 time signature, what does the top 2 mean?	two beats to a measure
William Wells Brown	Intermediate	Arts and Humanities	What are the 4 instrument families of the orchestra?	Strings, Brass, Woodwind & Percussion
Cardinal Valley	Intermediate	Arts and Humanities	Which element of dance describes the direction of the movement?	space
Cardinal Valley	Intermediate	Arts and Humanities	A script represents this type of element of drama?	literary element
Clays Mill	Intermediate	Arts and Humanities	The Star Spangled Banner is sung in a serious manner. What is the musical purpose?	Ceremonial
ACE	Intermediate	Math	Solve for X; $112 = 96 + X$	$X = 16$
ACE	Intermediate	Math	Solve : $45.8 + 2.9$	48.7
ACE	Intermediate	Math	What is 5 more than the difference between 7 and 5?	7
ACE	Intermediate	Math	Is 43 prime or composite?	Prime
			Natalie had \$8.18 left after she bought lunch for \$4.07,	

Ashland	Intermediate	Math	a magazine for \$2.50, and new jeans for \$14.25. How much did she have to start with?	\$29
Ashland	Intermediate	Math	Six trucks were measured and found to have the following lengths in feet: 18, 16, 22, 23, 19, and 22. What was the average truck length of the six trucks?	20 ft
Ashland	Intermediate	Math	The children from Fayette County's fourth grade classes went to the zoo in 13 vans. Seven people were in each van. How many people went to the zoo?	91
Ashland	Intermediate	Math	Eight students each collected \$14.50 during the Math-a-thon. How much money did they raise altogether?	\$116
Cassidy	Intermediate	Math	Leaves are falling off of a tree at a rate of 3 leaves every 20 minutes. How many leaves will fall off in 3 hours and forty minutes?	33 leaves
Cassidy	Intermediate	Math	What is the next number in the following sequence: 17, 24, 31, 38, _____	45
Dixie	Intermediate	Math	Mary had 12 quarters. She spent $\frac{2}{3}$ of the money on a game. How much did she spend?	8 quarters
Dixie	Intermediate	Math	Kim ran for 30 minutes each day for 14 days. How many hours did she run?	7 hours
Dixie	Intermediate	Math	Write the standard form of fifty-three hundredths.	0.53
Dixie	Intermediate	Math	One side of a square flower garden is 8 feet. How many feet of fencing will be needed for the garden?	32 feet
Dixie	Intermediate	Math	Allan and Marie drove a total of 3,184 miles in 8 days. They drove the same number of miles each day. How many miles did they drive each day?	398 miles
Garden Springs	Intermediate	Math	Write the fact family for the numbers 7,5,12	$7+5=12$ $5+7=12$ $12-7=5$ $12-5=7$
Lansdowne	Intermediate	Math	What are all the factors of 40?	1, 2, 4, 5, 8, 10, 20, 40
Lansdowne	Intermediate	Math	Ross bought 12 stamps costing \$0.41 each. He paid with a \$5 bill. How much change did he receive?	\$0.08
Lansdowne	Intermediate	Math	What is next in this number sequence 4, 9, 16, 25, 36	49
Lansdowne	Intermediate	Math	What is 10 cubed?	1,000
Lansdowne	Intermediate	Math	How many gallons are in 512 ounces?	4
Northern	Intermediate	Math	How many milligrams are in one gram?	1000
Northern	Intermediate	Math	What is the cost of 30 marbles that sell for \$1.50 per dozen?	\$3.75
Northern	Intermediate	Math	What is the next number in this sequence? 1.50 2.75 4 .....	5.25
Northern	Intermediate	Math	A log is 10 feet 5 inches long. A logger needed a piece 5 feet 7 inches long. How many feet and inches must be cut off the long piece to have the amount needed by the logger?	4 feet 10 inches
Rosa Parks	Intermediate	Math	Which is larger 4.04 or 4.4?	4.4

Rosa Parks	Intermediate	Math	If I have 4 orange marbles and 6 blues ones, what is the probability I will draw out a blue one?	6/10 or 60% or .6
Squires	Intermediate	Math	What is a triangle that has at least two congruent sides called?	isoscles triangle
Squires	Intermediate	Math	Name the polygon that has five sides.	pentagon
Squires	Intermediate	Math	A reference line from which distances or angles are measured on a coordinate grid is	an axis
Squires	Intermediate	Math	Which mathematical term refers to the sum of a set of numbers divided by the number of elements in the set?	mean
Squires	Intermediate	Math	What is the information, especially numerical, usually organized for analysis called?	data
Stonewall	Intermediate	Math	How many factors do all PRIME number have and what are they?	2 (one and itself)
Stonewall	Intermediate	Math	Fifteen and two tenths plus nine plus four tenths plus one and nine hundredths equals what?	25.69 (twenty five and sixty nine hundredths)
Stonewall	Intermediate	Math	You are riding in the car with your parents. You come to a four way stop. This point where the two roads cross and form four right angles is an example of what in mathematical terms?	Perpendicular lines
Yates	Intermediate	Math	Given the following data set, calculate the mean: 95, 85, 90, 90, & 100.	92
Yates	Intermediate	Math	Round the number 9, 562 to the nearest hundred.	9600
Yates	Intermediate	Math	The sum of these two numbers is 16. The product of these two numbers is 48. What are the two numbers?	12 and 4
Yates	Intermediate	Math	Emily is training for a bike race. She rides from 4:30pm to 6:45pm each day of the week. How much total time does she ride her bike in one week?	15 hours and 45 minutes.
Glendover	Intermediate	Math	What type of angle is larger than 90 degrees?	obtuse
Glendover	Intermediate	Math	Write the mixed number $4\frac{3}{4}$ as an improper fraction.	$\frac{19}{4}$
Glendover	Intermediate	Math	How many months are in three-fourths of a year?	9
Glendover	Intermediate	Math	What is the product of the following numbers: 6, 7, and 200?	8,400
Glendover	Intermediate	Math	Write the following number in expanded form: 354.17	$300+50+4+0.1+0.07$
Mary Todd	Intermediate	Math	What is the perimeter of a rectangle whose length of sides is 20 cm and whose width of sides is 10 cm?	60 cm
Mary Todd	Intermediate	Math	List all of the factors of 36.	1, 36, 2, 18, 3, 12, 4 ,9, 6
Mary Todd	Intermediate	Math	$\frac{1}{2}$ , $\frac{2}{4}$ and $\frac{3}{6}$ are examples of what type of fractions because they are different names for the same amount of space?	equivalent fractions

1  
and  
3?

Mary Todd	Intermediate	Math	What is the next number in the sequence that begins with this 5, 3, 1, -1, -3 ...	-5
Maxwell	Intermediate	Math	What are the next two numbers in the pattern 3,6,12,__,__,.....	24,48
Maxwell	Intermediate	Math	What is $11/12 - 5/12$ ?	$6/12$ or $1/2$
Veterans Park	Intermediate	Math	Name the prime factors of 9	3
Veterans Park	Intermediate	Math	Multiply $27 \times 86$	2,322
Veterans Park	Intermediate	Math	How many feet in 2 miles?	10,560
Veterans Park	Intermediate	Math	How many pints in a quart?	2
Veterans Park	Intermediate	Math	What is the fifth multiple of 7?	35
Russell Cave	Intermediate	Math	Increase 8,742 by 100.	8,842
Russell Cave	Intermediate	Math	Increase 9,625 by 1 in the tens place.	9,635
Russell Cave	Intermediate	Math	Andrew spent \$187 at Toys R Us. Austin spent three times that of Andrew. To the nearest hundred, what is a good estimate of how much Austin spent?	\$600
Russell Cave	Intermediate	Math	What is the greatest number that can be made using all these digits: 2 4 1 8 6?	86,421
Russell Cave	Intermediate	Math	How would you write "53 hundredths?"	0.53
James Lane Allen	Intermediate	Math	What is the range of the following numbers? 4, 5, 7, 2, 1, 4, 8	7
James Lane Allen	Intermediate	Math	What is the median of the following numbers? 4, 7, 2, 4, 7, 5, 8	5
James Lane Allen	Intermediate	Math	Write the following in standard form. three million, four hundred sixty-one thousand, two hundred fifty	3,461,250
James Lane Allen	Intermediate	Math	What is the rule for this pattern? 111, 103, 95, 87, 79, 71, 63	subtract 8
James Lane Allen	Intermediate	Math	Solve this following equation. $(5 + 5) + (2 \times 1) =$	12
James Lane Allen	Intermediate	Math	A baker orders candies to put on cookies. There are 33 candies in each box. How many candies will he order if orders 49 boxes?	$49 \times 33 = 1,617$
James Lane Allen	Intermediate	Math	Samuel and Martika are filling boxes of candles to sell at the Entrepreneur Fair. They have 5,698 candles. How many boxes can they fill if they put 3 candles in each box?	$5698/3 = 1,900$ boxes
James Lane Allen	Intermediate	Math	A number from the following list is chosen at random: 15, 9, 19, 11, 78, 24, 89, 93, and 5. Describe the probability of picking an even number.	unlikely- $1/9$
Millcreek	Intermediate	Math	What is the product of 44 and 33?	1452
Millcreek	Intermediate	Math	Divide: $636 / 5$	$127 \text{ r. } 1$
Millcreek	Intermediate	Math	Find the solution : $(4 \times 8) + (2 \times 3)$	38
Millcreek	Intermediate	Math	What is $1000 - 378$	622
Tates Creek	Intermediate	Math	How many sides would need to be added to a square to make it a pentagon?	1
Tates Creek	Intermediate	Math	Which tool would you use to measure how many minutes to bake a cake?	Clock
			Write the number model for the following number story.	

Tates Creek	Intermediate	Math	Jessica has 20 candy bars. She has 10 friends. How many candy bars can each friend get?	$20/10=2$
Tates Creek	Intermediate	Math	The conconut cream pie Maggie is making has a recipe that call for 19oz of shaved coconut. The store sells shaved coconut in 1 pound bags, how many bags would she have to buy?	2 bags of shaved coconut
Tates Creek	Intermediate	Math	Steve hit a home run and ran around the bases on the baseball field. The distance between each base was 60 ft, how many feet did Steve run in all?	240 feet
Stonewall	Intermediate	Math	What is the name of a quadrilateral with only one pair of parallel sides?	Trapezoid
Stonewall	Intermediate	Math	When firgures have both the same shape and the same size, they are called what?	congruent
Stonewall	Intermediate	Math	Write the following as a fraction and a decimal: six tenths	$6/10$ and $.6$
Stonewall	Intermediate	Math	In the following number, what is the value of the nine? 7,943,120	900,000
Stonewall	Intermediate	Math	Old macDonald had 379 sheep, 108 pigs, and 135 chickens. How many animals are there in all?	622
Picadome	Intermediate	Math	What mathematical term refers to any closed figure made up of line segments?	polygon
Picadome	Intermediate	Math	Which quadrilateral has 4 congruent sides and 4 right angles?	square
Picadome	Intermediate	Math	Addition and subtraction are _____ operations.	inverse
Picadome	Intermediate	Math	The common factors of 9 and 27 are.....	1,3,9
Picadome	Intermediate	Math	What is the square root of 64?	eight
Julius Marks	Intermediate	Math	Our bus left at 12:45pm. The trip took 4 1/2 hours. What time did we arrive.	5:15 PM
Julius Marks	Intermediate	Math	How many pounds would equal 64 oz?	4 pounds
Julius Marks	Intermediate	Math	What age will John be in 9 years if he was 30 years old 10 years ago?	49 years old
Julius Marks	Intermediate	Math	How many months are in 5.25 years?	63 months
Julius Marks	Intermediate	Math	Ann scored 50, Joe scored 70, and Susan scored 30. What was the average of their scores?	50
Southern	Intermediate	Math	How much is $1/3$ of 21?	7
Southern	Intermediate	Math	What is $1/3 + 1/3$ ?	two thirds
Southern	Intermediate	Math	Which is the better buy: 3 shirts for \$9.78 or \$3.35 for each shirt?	3 shirts for \$9.78
Southern	Intermediate	Math	Pablo is 4 feet 10 inches tall. What is his height in inches?	58
SCAPA	Intermediate	Math	Wht is the average of these test scores: 100, 0, 50, and 90?	60 (or 60%)
SCAPA	Intermediate	Math	Ana had 62 cookies. She gave 2 cookies to her friend Ralphie. How many dozen did she have left?	5
SCAPA	Intermediate	Math	Add the following fractions: $3/4 + 1/6$ .	$11/12$
SCAPA	Intermediate	Math	Which is larger: 65% or $2/3$ ?	$2/3$

Cassidy	Intermediate	Math	Billy is reading a book that is 1,436 pages long. He has already read 1,116 pages. How many pages does he still have left to read?	320 pages
Cassidy	Intermediate	Math	How many quarters are there in \$5.75?	23 quarters
Cassidy	Intermediate	Math	Which number comes next in the sequence: 2,4,8,16,32...	64
Cassidy	Intermediate	Math	How many dimes make up \$4.70?	47 dimes
Cassidy	Intermediate	Math	The dance team brought 1,543 sodas for the dance. After the dance was over, they had 345 sodas left. How many sodas were consumed during the dance?	1,198 sodas
Meadowthorpe	Intermediate	Math	What is the area of a square with sides of 60 kilometers?	3600 square kilometers (or KM squared)
Meadowthorpe	Intermediate	Math	A decimal fraction with thousandths means there are at least how many numbers to the right of the decimal place?	Three
Meadowthorpe	Intermediate	Math	Estimate the difference to the nearest hundred between 1,678 and 1,390.	300
Meadowthorpe	Intermediate	Math	What is the next number in this sequence: 1,1,2,3,5,...	8
William Wells Brown	Intermediate	Math	What are two lines that never meet or cross and are an equal distance apart are called?	parallel lines
William Wells Brown	Intermediate	Math	What do we call lines that cross or meet?	intersecting lines
William Wells Brown	Intermediate	Math	Name a parallelogram that has 4 right angles (square corners), and two sides of equal length	rectangle
William Wells Brown	Intermediate	Math	In geometry, what is a flat surface of a solid is called?	face
Arlington	Intermediate	Math	Estimate the product... 64 times 55	3,600
Arlington	Intermediate	Math	Suppose the school cafeteria orders 3 cases of milk. Each case contains 28 cartons of milk. How many cartons of milk are ordered?	84
Arlington	Intermediate	Math	Identify the property...When you multiply any number by 1, the product is that number.	Identity Property of Multiplication
Arlington	Intermediate	Math	Suppose a school club wants to buy shirts for each of its 39 members. Each shirt costs \$22. How much money will the shirts cost?	858 dollars
Clays Mill	Intermediate	Math	Identify the perimeter of a square with a side length of 7 centimeters.	28 centimeters
Clays Mill	Intermediate	Math	If Jane had a set of marbles in a bag and 10 of them were blue, 5 were white, and 15 were red. What is the probability that Jane would pull out an orange marble?	0, or 0 out of 30, 0/30
Clays Mill	Intermediate	Math	How many combinations of sandwiches could you have if the person could choose from white or wheat bread: Turkey, ham or salami: american or cheddar cheese.	12 combinations
ACE	Intermediate	Reading	In the following sentence, what kind of word is patiently? Anne waited patiently for her turn.	adverb

ACE	Intermediate	Reading	The word Kentucky is what kind of noun?	proper
ACE	Intermediate	Reading	Write the complete predicate of the following sentence: The doctor observed the patient's reaction.	observed the patient's reaction
ACE	Intermediate	Reading	Identify the pronoun in the following sentence: They went scuba diving in Florida	they
Ashland	Intermediate	Reading	What do you call the villain of a story?	antagonist
Ashland	Intermediate	Reading	What is the literary term for sequence of events in a story?	plot
Ashland	Intermediate	Reading	What literary device gives human qualities to an animal or object?	personification
Ashland	Intermediate	Reading	What is the imitation of natural sounds in word form?	onomatopoeia
Dixie	Intermediate	Reading	In this sentence what does the word "exist" mean? The moon is so cold that no life could ever exist there.	live
Dixie	Intermediate	Reading	A story handed down from generation to generation is known as a what?	folktale
Dixie	Intermediate	Reading	Words that have similar meanings such as quick and fast are known as what?	synonyms
Dixie	Intermediate	Reading	What is the correct spelling for the word "whether" in the following sentence? Mary could not decide whether to go outside to play or not.	whether
Dixie	Intermediate	Reading	In the following sentence, what does the word useless mean? John felt it was useless to argue with his mom.	without or of no use
Garden Springs	Intermediate	Reading	The character that the story is mostly about is the _____.	main character
Garden Springs	Intermediate	Reading	Where is the table of contents located in a book?	in the front
Garden Springs	Intermediate	Reading	Where is the index located in a book?	back
Garden Springs	Intermediate	Reading	What does the word "train" mean in the sentence, "Well, I did train to run fast, but not up a bank!"	practice
Garden Springs	Intermediate	Reading	What term refers to two words that are put together to express one idea?	compound words
Lansdowne	Intermediate	Reading	What are the letters added to the beginning of a word to make a new word called?	Prefix
Lansdowne	Intermediate	Reading	What does it mean to try to convince someone to act or think a certain way?	To persuade
Lansdowne	Intermediate	Reading	What is the subject in the following sentence? We had to stop when the train went by.	We
Lansdowne	Intermediate	Reading	What term defines where and when a story takes place?	Setting
Northern	Intermediate	Reading	In the word prepay, what does the prefix pre- mean?	before
Northern	Intermediate	Reading	A genre is a category of literature or writing. What type of writing presents ideas by using creative	poetry

			language, rhythm and sound?	
Northern	Intermediate	Reading	What term is used to refer to a short retelling of a story, article or other text?	summary
Northern	Intermediate	Reading	When a narrator is part of the story and uses the words "I" or "me," from which point-of-view is the story being told?	first person
Northern	Intermediate	Reading	What literary device is the phrase "black as night" an example of?	simile
Rosa Parks	Intermediate	Reading	What does the word "erodes" mean in the following sentence: When water erodes enough land, a trench, or ditch, may form?	wears away
Rosa Parks	Intermediate	Reading	What is another name for the conflict in a fictional story?	The problem
Squires	Intermediate	Reading	How many syllables are in the word unbelievably?	5
Squires	Intermediate	Reading	What term refers to a figure of speech that exaggerates the truth?	hyperbole
Squires	Intermediate	Reading	Which genre of literature teaches a lesson and features animals that act like human beings?	fable
Squires	Intermediate	Reading	Identify the root word in the following word: undeniable	deny
Stonewall	Intermediate	Reading	Quite often, an author will write to entertain. What are the other two purposes for which an author writes?	to persuade and to inform the reader
Stonewall	Intermediate	Reading	Bill is getting ready for work. After listening to the radio, he decides to grab an umbrella. What inference can you make?	Rain is forecasted
Stonewall	Intermediate	Reading	What does the prefix in the following words mean? Tripod, tricycle, and triangle	tri means 3
Stonewall	Intermediate	Reading	When an author uses techniques such as emotional appeal, testimonials or expert opinions, what is the author trying to do?	persuade
Stonewall	Intermediate	Reading	What connection is the reader making when he compares the books "Hatchet" and "Island of the Blue Dolphins"	Text to text connection
Yates	Intermediate	Reading	What genre of literature is a fairy tale?	fantasy or fiction
Yates	Intermediate	Reading	Would the following sentence be a fact or opinion? Stu Silberman is the ultimate superintendent.	Opinion
Yates	Intermediate	Reading	What relationship do the words huge, large, and enormous have?	They are synonyms.
Yates	Intermediate	Reading	Rhyme and repetition can be characteristics of what type of literature?	poetry
Glendover	Intermediate	Reading	What prefix is added to the word arrange to mean arrange again?	re-
Glendover	Intermediate	Reading	How many lines are in a haiku poem?	3
Glendover	Intermediate	Reading	"Her smile was like a summer day." This is an example of what type of figurative language?	simile

Mary Todd	Intermediate	Reading	Tick-tock is an example of what literary device?	onomatopoeia
Mary Todd	Intermediate	Reading	Katie and her family went outside and made piles of leaves to jump into. When they came back inside they removed their jackets before sitting down in the living room to watch a football game on TV. Based on these clues can you tell what time of the year is it?	fall
Maxwell	Intermediate	Reading	What term refers to the moral or message the author wants the audience to learn from the story?	theme
Maxwell	Intermediate	Reading	What term refers to the turning point in the book or the event that leads to the story's resolution?	climax
Maxwell	Intermediate	Reading	What term refers to the dark type used to emphasize important words?	boldface
Veterans Park	Intermediate	Reading	What term refers to something that can be proven?	fact
Veterans Park	Intermediate	Reading	Red is the prettiest color of all. Is this statement a fact or an opinion?	opinion
Veterans Park	Intermediate	Reading	What is the name of the alphabetized list at the end of a book that tells on which page to find a certain subject?	an index
Russell Cave	Intermediate	Reading	Identify the suffix: friendly.	ly
Russell Cave	Intermediate	Reading	Is this statement a fact or an opinion?: Roots broke up more rocks to help create more soil.	fact
Russell Cave	Intermediate	Reading	What do you know is happening if you read something in quotation marks?	someone is speaking/talking
Millcreek	Intermediate	Reading	Something that describes how a character looks, speaks or acts is called a.....	character trait
Millcreek	Intermediate	Reading	What type of persuasion uses words that affect feelings?	emotional appeal
Millcreek	Intermediate	Reading	Books that are informational are called _____	Non fiction
Tates Creek	Intermediate	Reading	The following sentence from Sarah, Plain and Tall "I looked at the long dirt road that crawled across the plains." is an example of what literary device?	personification

Julius Marks	Intermediate	Reading	What is the author's purpose for writing an article about taking care of a puppy?	to inform
SCAPA	Intermediate	Reading	Which type of reference book provides many synonyms?	Thesaurus
SCAPA	Intermediate	Reading	Which word in this sentence tells us that a simile is being used: Santana was tired, like a baby without a nap.	like
SCAPA	Intermediate	Reading	What is the complete subject of this sentence "Yesterday the evil king and the beautiful queen were at the palace."	The evil king and the beautiful queen
Cassidy	Intermediate	Reading	What is the relationship between the following words: Smile and Grin?	They are synonyms.
Cassidy	Intermediate	Reading	This feature gives information about a picture.	Caption
Cassidy	Intermediate	Reading	This graphic aid is a picture of something with labels of its parts.	Diagram
Meadowthorpe	Intermediate	Reading	Name the part of speech that describes nouns.	Adjective
Meadowthorpe	Intermediate	Reading	Name the part of speech that describes verbs	adverbs
Meadowthorpe	Intermediate	Reading	What punctuation should be at the end of this sentence: Where did I leave my keys?	Question mark
Meadowthorpe	Intermediate	Reading	An exclamatory sentence has what type of punctuation at the end of the sentence?	exclamation point.
William Wells Brown	Intermediate	Reading	What is another name for the feeling created in a story or the tone?	mood
William Wells Brown	Intermediate	Reading	Words that do not always mean exactly what they say are called.....	figurative language
William Wells Brown	Intermediate	Reading	In reading, something that can be proven to be true is a ....?	fact
William Wells Brown	Intermediate	Reading	Bullets, captions, headings, and subheadings are all examples of what nonfiction device?	text features
Cardinal Valley	Intermediate	Reading	Which literary element describes all the action that takes place in the story?	Plot

Cardinal Valley	Intermediate	Reading	Which literary element describes the perspective of the narrator of a story?	Point of View
Cardinal Valley	Intermediate	Reading	Which literary element provides description about characters through their actions, speech, and thoughts.	Characterization
Clays Mill	Intermediate	Reading	Identify a synonym for "too" in the following sentence. "My sister likes shopping too."	also
ACE	Intermediate	Science	What is the main source of energy for all things in a food web?	sun
ACE	Intermediate	Science	What is an animal called that hunts and kills other animals for food?	predator/carnivore
ACE	Intermediate	Science	What do the large, flat teeth of giraffe's tell you about them?	Giraffes are herbivores.
ACE	Intermediate	Science	Where does a decomposer get its energy from?	once living things
ACE	Intermediate	Science	What is the first stage of the life cycle for most animals?	egg
Ashland	Intermediate	Science	What term refers to the release of water, salts, and wastes through pores in the skin?	perspiration
Ashland	Intermediate	Science	What is the continuous process in which water moves between the atmosphere and Earth's surface, including the use of water by living things?	water cycle
Ashland	Intermediate	Science	What living thing feeds on the wastes of plants and animals or on their remains after they die?	decomposer
Dixie	Intermediate	Science	An animal that has thick fur, webbed feet, and a lot of body fat would PROBABLY live in what type of climate?	artic
Dixie	Intermediate	Science	List the stages of the life cycle of a fly.	egg, larva, pupa. Adult
Dixie	Intermediate	Science	Which property of a liquid describes how "thick" the liquid is?	density
Dixie	Intermediate	Science	What can occur when the plates move sideways past each other?	an earthquake
Dixie	Intermediate	Science	If you classify a mineral as dull or glossy or pearly, you are describing what property of a mineral?	luster
Garden Springs	Intermediate	Science	Food chains are a good way to show relationships between plants and ____.	animals
Lansdowne	Intermediate	Science	What force causes rivers to flow toward the ocean and glaciers to move down mountains?	Gravity
Lansdowne	Intermediate	Science	Which state of matter takes the shape of its container?	Liquid
Lansdowne	Intermediate	Science	What happens to light when it hits shiny object like a spoon?	it's reflected
Lansdowne	Intermediate	Science	What is the use of energy while moving?	Force
Lansdowne	Intermediate	Science	What is an object called that allows no light to pass through it?	Opaque
Northern	Intermediate	Science	What is it called when a liquid evaporates into a vapor or gas?	evaporation

Northern	Intermediate	Science	If light shines on a lemon, what color rays will be reflected?	yellow
Northern	Intermediate	Science	What structures have beavers inherited from the parents that enable them to build dams?	longer front teeth
Northern	Intermediate	Science	On a stove, a burner warms a pan due to direct contact. What is this an example of?	conduction
Northern	Intermediate	Science	A class is learning about an environment that is cold and dry with no trees and few other plants and animals. What environment is the class studying?	tundra
Squires	Intermediate	Science	What two classifications of animals lay eggs.	birds and reptiles
Squires	Intermediate	Science	What provides the energy for the water cycle to take place?	the sun
Squires	Intermediate	Science	Rocks are worn down by changes in temperature and rain. What is this called?	Weathering
Squires	Intermediate	Science	Rubbing your hands together to produce heat is caused by	friction
Stonewall	Intermediate	Science	What is the final stage of the Life Cycle?	Death
Stonewall	Intermediate	Science	When water evaporates, what state of matter is it in?	gas
Stonewall	Intermediate	Science	The earth is surrounded by a relatively thin blanket of air called what?	atmosphere
Stonewall	Intermediate	Science	Sound is a result of what?	vibrations
Stonewall	Intermediate	Science	Earthquakes, floods, volcano eruptions and landslides are all examples of what type of earth change?	fast changes
Yates	Intermediate	Science	Identify the three states of matter.	solid, liquid, and gas
Yates	Intermediate	Science	What is a long period without rain called?	drought
Yates	Intermediate	Science	What classification of animal has webbed feet, scaly skin, and lays hard-shelled eggs is what?	reptile
Glendover	Intermediate	Science	To which group of vertebrates do frogs, salamanders, and newts belong?	amphibians
Glendover	Intermediate	Science	What part of a flowering plant contains the embryo?	the seed
Glendover	Intermediate	Science	How do particles move in a substance when that substance is cooled?	They move slower
Glendover	Intermediate	Science	What part of the cell controls all the functions of the cell?	nucleus
Glendover	Intermediate	Science	What force will slow the motion of an object going down a hill?	friction
Mary Todd	Intermediate	Science	The stage of an insect's life cycle that is spent eating is what?	Larva
Mary Todd	Intermediate	Science	Hail, sleet and snow are present during which stage of the water cycle?	Precipitation
Mary Todd	Intermediate	Science	A _____ such as metal allows heat or electricity to flow through it.	Conductor
Mary Todd	Intermediate	Science	What is it called when light passes through a magnifying glass and causes the light to bend?	Refraction
			Changing the rate of vibration will vary the ____ of the	

???

Mary Todd	Intermediate	Science	sound.	pitch	
Maxwell	Intermediate	Science	What is the meaning of conserving resources?	Hold on to them rather than use them	???
Maxwell	Intermediate	Science	Which is the first law of motion ( Newton)	A body in motion will continue in motion and a body at rest will stay at rest until an external force act on it.	
Veterans Park	Intermediate	Science	Which group of vertebrates undergoes metamorphosis as it grows?	amphibians	
Veterans Park	Intermediate	Science	The average temperature and precipitation of an area through all seasons, over a period of time is:	climate	
Veterans Park	Intermediate	Science	Rocks are classified by color, luster and what other property?	hardness	
Russell Cave	Intermediate	Science	What do you call a body part or behavior that helps an animal meet its needs in an environment?	adaptation	
Russell Cave	Intermediate	Science	Molly's pet is hairy and warm-blooded. What classification is her pet?	mammal	
Russell Cave	Intermediate	Science	Living things that eat other animals are called _____.	carnivores	
Russell Cave	Intermediate	Science	An animal without a backbone is called an _____.	invertebrate	
Russell Cave	Intermediate	Science	What is the mark, or remains, of a living thing that dies thousands or millions of years ago?	fossil	
Millcreek	Intermediate	Science	What type of electrical circuit is the example of the old Christmas lights where if one bulb goes out, they all go out?	Series	
Millcreek	Intermediate	Science	Metals and water are examples of _____	Conductors	
Millcreek	Intermediate	Science	What do we call an animal that eats both plants and animals?	Omnivore	
Millcreek	Intermediate	Science	After thousands of years, heat and pressure, dead plants become_____	Coal	???
Tates Creek	Intermediate	Science	What force keeps a soccer ball from sinking in water?	Buoancy	
Tates Creek	Intermediate	Science	What do all of the robins in a particular forest make up?	population	
Stonewall	Intermediate	Science	Any change in the speed or direction of an object's motion is called what?	acceleration	
Stonewall	Intermediate	Science	Your lungs and windpipe are parts of which of your body's systems?	respiratory	
Stonewall	Intermediate	Science	What type of storm forms over tropical oceans in areas of low pressure?	hurricanes	
Stonewall	Intermediate	Science	What are the blood vessels that carry blood away from your heart?	arteries	
Stonewall	Intermediate	Science	Name the instrument used to measure air pressure.	Barometer	
Picadome	Intermediate	Science	What state of matter takes the shape of its container?	gas	
Julius Marks	Intermediate	Science	When wood is burned and turned into ash, what kind of change has occurred?	A chemical change	

Julius Marks	Intermediate	Science	Name the process in which a gas turn into a liquid.	Condensation	
Julius Marks	Intermediate	Science	Stored energy is called what?	potential energy	
Southern	Intermediate	Science	What percentage of earth surface is covered by water?	71%	???
Southern	Intermediate	Science	What happens to light when it hits a dark object?	most of the light is absorbed	
SCAPA	Intermediate	Science	If you bring two magnets together what will happen?	They will attract or repel	
Cassidy	Intermediate	Science	This organism makes its own food.	Producer	
Cassidy	Intermediate	Science	This is the process where plants turn energy from sunlight into food.	Photosynthesis	
Cassidy	Intermediate	Science	The primary function of this part of the plant is to take in water and nutrients from the soil.	Roots	
Meadowthorpe	Intermediate	Science	What is the name of the "brain" of a cell?	Nucleus	???
Meadowthorpe	Intermediate	Science	An animal cell has a cell membrane, but a plant cell has a what that protects it from outside influences?	Cell Wall	???
Meadowthorpe	Intermediate	Science	How many planets are in our solar system?	9	???
Meadowthorpe	Intermediate	Science	What is the largest planet in our solar system?	Jupiter	???
Meadowthorpe	Intermediate	Science	What instrument is used by scientists to look at cells in more detail and at a much higher magnification?	Microscope	
William Wells Brown	Intermediate	Science	Lorraine left a frozen popsicle outside on a table. Which property changed when the popsicle melted?	shape	
William Wells Brown	Intermediate	Science	Margaret wears a hat when she goes outside in the winter. The hat helps keep her head warm because it does what?	slows down heat loss	
William Wells Brown	Intermediate	Science	Lever, pulleys, wheels and axles, and screws are all what type of machines?	simple	
William Wells Brown	Intermediate	Science	You are doing an electricity experiment. What three objects are needed to light a bulb?	bulb, battery, wire	
Cardinal Valley	Intermediate	Science	Name the three states of matter	solid, liquid, gas	
Cardinal Valley	Intermediate	Science	What is it called when a liquid changes state to become a gas?	evaporation	
Cardinal Valley	Intermediate	Science	In science, the location of an object is called its?	position	
Arlington	Intermediate	Science	List three things plants need in order to live and grow.	Air, water, and sunlight	
Arlington	Intermediate	Science	In the process of making food, plants give off...	oxygen	
Clays Mill	Intermediate	Science	Mike shines a flashlight on a tree and notices that the light does not travel through the tree. This is an example of what?	absorption	
Clays Mill	Intermediate	Science	All forces are either _____ or _____.	pushes or pulls	

Clays Mill	Intermediate	Science	Plants with tube-like tissues that carry food and water are classified as what type of plants?	Vascular
Clays Mill	Intermediate	Science	A group of organs working together to do a specific job is called what?	organ system
ACE	Intermediate	Social Studies	What leafy addictive plant did explorers bring back with them from the New World thinking tht it was medicine?	Tobacco
ACE	Intermediate	Social Studies	Which three countries explored the New World and claimed land?	England, France and Spain
ACE	Intermediate	Social Studies	The Pilgrims crossed this ocean on their way to Plymouth. Name this ocean.	Atlantic Ocean
ACE	Intermediate	Social Studies	What is another name for 0 degrees longitude?	Prime meridian
ACE	Intermediate	Social Studies	Love for your country is called _____.	patriotism
Ashland	Intermediate	Social Studies	Which branch of government passes laws to protect individual rights and promote the common good?	legislative
Ashland	Intermediate	Social Studies	What is the term for judging a group of people before getting to know them; especially in regard to race, religion, or appearance?	prejudice
Ashland	Intermediate	Social Studies	What do we call original artifacts that help us learn about people or events (e.g., letters, diaries, maps, drawings and artifacts)?	primary sources
Cassidy	Intermediate	Social Studies	Which river forms the northern border of KY?	Ohio
Cassidy	Intermediate	Social Studies	What type of map shows elevations and landforms?	physical
Dixie	Intermediate	Social Studies	Lines on a map that run north and south are known as lines of what?	longitude
Dixie	Intermediate	Social Studies	What do you call a body of land surrounded by water?	island
Dixie	Intermediate	Social Studies	Who is the head of the state government?	Governor
Dixie	Intermediate	Social Studies	The fire department, police department, and post office are all provided by the government. What are they examples of?	(government) services
Dixie	Intermediate	Social Studies	Why did the pilgrims come to America?	religious freedom
Garden Springs	Intermediate	Social Studies	Who was the Spanish explorer who sailed across the Atlantic Ocean and is credited for finding the "New World"?	Christopher Columbus
Garden Springs	Intermediate	Social Studies	What type of graphic organizer shows the order in which things happen?	timeline
Lansdowne	Intermediate	Social Studies	What is Kentucky's largest city?	Louisville
Lansdowne	Intermediate	Social Studies	What branch of government is headed by the US Supreme Court?	Judicial
Lansdowne	Intermediate	Social Studies	What is the name of the natural border that separates the United States from Mexico?	The Rio Grande
Lansdowne	Intermediate	Social Studies	On maps, what direction do latitude lines run?	East and West
			What is the only US state with no territory on the	

Northern	Intermediate	Social Studies	mainland of any continent?	Hawaii
Northern	Intermediate	Social Studies	Which types of location is latitude and longitude used to determine?	absolute location
Northern	Intermediate	Social Studies	Which region of Kentucky is know for its cave systems?	Pennyroyal
Northern	Intermediate	Social Studies	What is the term used to refer to the location in which goods and services between buyers and sellers are exchanged?	market
