Properties of 2D Shapes

| Picture | Shape | How many sides? | Curved or straight sides? | How many vertices? (corners) | Other |
|-------------------------------------------------------------------------------------|--------------------|-----------------|---------------------------|------------------------------|----------------|
|  | Triangle | 3 | Straight | 3 | |
|  | Square | | | | 4 right angles |
|  | Rhombus or Diamond | | | | |
|  | Rectangle | | | | |
|  | Parallelogram | | | | |
|  | Trapezium | | | | |
|  | Pentagon | | | | |
|  | Hexagon | | | | |
|  | Octagon | | | | |
|  | Circle | | | | |
|  | Semicircle | | | | |
|  | Ellipse or Oval | | | | |

Properties of 3D Shapes

| Picture | Shape | Edges How many? Curved or straight? | How many vertices? (corners) | Faces How many? Curved or flat? What 2D shape? |
|-------------------------------------------------------------------------------------|-------------------------|----------------------------------------------|------------------------------------|---------------------------------------------------------|
|  | Cube | 12 straight edges | 8 | 6 flat square faces |
|  | Cuboid | | | |
|  | Sphere | | | |
|  | Hemisphere | | | |
|  | Square-based Pyramid | | | |
|  | Cylinder | | | |
|  | Cone | | | |
|  | Prism | | | |
